Export Classifications file for IDT orderable part numbers.

To find the ECCN, HTSUS or EUHTS classification for an IDT part follow the instructions below. Classifications are only valid for exact IDT part numbers. If a search does not find an exact match please check your part number for correctness or contact your IDT sales representative for assistance.

For assistance with part numbers not included in the report or blank please contact gi-ec@idt.com after confirming the part number on the IDT website or with your sales contact.

Instructions:

1. In the menu bar of Acrobat Reader select Edit > Find
2. Type in the the full IDT part number (excluding any leading IDT/ICS prefix) in the search field.
3. Click the Next button to run the Search.
4. Check the cells to the right of the part number for the ECCN, HTSUS or EUHTS classification numbers.

Recent IDT product additions have made it necessary for IDT to assign ECCN and HTS numbers by IDT shipping region. For your convenience, our report has been updated to show these product classifications corresponding to our shipping locations MY_ECCN (Malaysia), EU_ECCN (Europe) and US_ECCN (United States). NLR means No License Required for this shipping location. ECCN subparagraphs have also been added where applicable.
